

Rosie Bank

Author, Speaker, Business Coach,
Certified Health and Wellness Consultant

Imagine an environment in which people are excited about having breakthroughs in their lives. For some, this means business ownership and a chance to experience work/life balance. For others, a chance to experience radiant good health with the energy that goes along with that. This is what happens for people who listen to Rosie Bank. She lives and breathes entrepreneurialism and optimal health. She blends the two into a unique, seamless, and powerful message. Rosie leads her audience to:

- Connect the dots between taking care of their health and increased productivity
- Thrive as business owners as evidenced by their bottom line and personal satisfaction
- Know the five keys to distinguishing themselves as entrepreneurs.
- Know how to save money by investing in their health.
- Discover the keys to customer service to transform their businesses.
- Understand the Direct Sales model as a viable way to entrepreneurship and financial independence.

Praise for Rosie's presentations...

I have heard Rosie Bank speak on both topics in which she is an expert: health and business. Not only does she know her stuff, she also has an extraordinary ability to connect with the audience, stay completely focused, and deliver quality information. Her presentation materials are exceptionally well done and well organized. I endorse Rosie as a speaker whole-heartedly.
